Subject: External drawer option and IV pole option

The following options are now available for the Julian anesthesia system.

8601997 External drawer option

A 3-drawer unit mounted to the right hand side of the Julian. The drawers swivel to allow access.

The drawer option includes all necessary hardware to fit the drawers to the Julian. DrägerService performs the installation in the field.

List price \$ 950.00

8601863 IV pole option

An extendable IV pole for the attachment of infusion devices and other equipment. The IV pole option includes all hardware to fit to the Julian. DrägerService performs the installation in the field.

List price \$ 2250.00

If you have further questions regarding either option, please call Robert Clark on extension 2264.
